4905BE Booklet Offer In Compromise for Business Entities

What you should know before preparing an Offer in Compromise

Are you an OIC Candidate?

If your business entity does not have the income, assets, or means to pay your tax liability now or in the foreseeable future, it may be a candidate. The Offer in Compromise program allows an entity to offer a lesser amount for payment of a **non-disputed final tax liability**.

Generally, we approve an Offer in Compromise when the amount offered represents the most we can expect to collect within a reasonable period of time.

Although each case is evaluated based on its own unique set of facts and circumstances, we give the following factors strong consideration in the evaluation:

- Ability to pay
- Equity in the entity's assets
- Present and future income
- Present and future expenses
- The potential for changed circumstances
- · The offer is in the best interest of the state

Can We Process Your Application?

We will only process the Offer in Compromise application if you:

- Filed all of the required tax returns. If you have no filing requirement, note it on the application.
- Fully completed the Offer in Compromise application, and provided all supporting documentation.
- Agree with the Franchise Tax Board on the amount of tax you owe.

Will a Collateral Agreement be Required?

Upon approval, we may require the entity to enter into a collateral agreement for a term of five years. Generally, a collateral agreement will be required in cases when the entity has significant potential for increased earnings. A collateral agreement requires a business entity to pay to us a percentage of future earnings that exceed an agreed upon threshold.

Is Collection Activity Suspended?

Submitting an offer does not automatically suspend collection activity. In most cases, collection action will be suspended until the Offer in Compromise evaluation is completed. If delaying collection activity jeopardizes our ability to collect the tax, we may continue with collection efforts.

When Should Offered Funds be Submitted?

Do not submit the offered funds until we request them. When we do ask for the funds, submit them by cashiers check or money order. We are unable to accept installment payments.

Questions and Answers

Q. What does the Franchise Tax Board consider a fair offer in relation to the amount due?

A. Generally, we will accept an offer when the amount offered is more than we can expect to collect within a reasonable period of time.

Q. Can I make payments on the offered amount?

A. No, we require a lump sum payment of the offered amount.

Q. Can prior payments be applied to the offered amount?

A. We cannot apply prior payments toward the offered amount. However, we will consider prior payments and the offered amount compared to the total liability when evaluating your offer.

Q. My Internal Revenue Service OIC has been accepted. Will the FTB automatically approve my offer?

A. No, we will evaluate your Franchise Tax Board offer separately from your Internal Revenue Service offer.

Q. If the Franchise Tax Board determines that my offer is not acceptable, will I be contacted?

A. Yes. We will contact you to discuss your account and to determine the most appropriate resolution. For example, if we determine that the corporation has the ability to make monthly payments which will exceed the amount offered, we will work with you to establish an installment agreement.

Q. Will state tax liens be released if the offer is accepted?

A. Generally, we release state tax liens upon final approval of your Offer in Compromise.

Q. Do I need to have someone represent me?

A. Representation is not required. The Offer in Compromise program is available to all taxpayers, whether or not they are represented.

Q. Can I get relief from the tax liability by filing bankruptcy?

A. Part or all of the entity taxes may be dischargeable under the bankruptcy code. If this is a consideration, you may want to seek legal advice.

Q. Can I apply for an Offer in Compromise if I have no funds to offer?

A. No, we will not accept a zero dollar offer. Your offer must represent the most the Franchise Tax Board can expect to collect over a reasonable period of time.

Q. What is the collateral agreement?

A. This is a contractual agreement between the entity and the State of California, where the state agrees not to pursue collection of amounts owed it by the entity in exchange for a pledge of a percentage of entity income that is in excess of a specified amount. The collateral agreement is in conjunction with an Offer in Compromise and is generally for a period of five years.

Q. If my offer is approved, will the entity have to sign a collateral agreement?

A. If the business entity has limited potential for increased earnings, we will generally not require a collateral agreement.
